Number 1

Proportional Skeletal Mass in Turtles — *John B. Iverson* — 1

Development and Use of Marking Techniques to Study Manatees in Florida — *A. Blair Irvine and Michael D. Scott* — 12

Effect of Frost on a Subtropical *Muhlenbergia* Prairie in South Florida — *Anthony C. Caprio and Dale L. Taylor* — 27

Mode of Life of *Exputens ocalensis* (Malleidae), a Florida Eocene Pelecypod — *David Nicol and Douglas S. Jones* — 32

The Cenozoic Stratigraphic Record of Peninsular Florida: How Complete is it? — *Michael L. McKinney* — 35

A Survey of Sodium and Chloride Concentrations in Florida Lakes — *Daniel E. Canfield, Jr.* — 44

Areal Rainfall Variability and the Design of a Rainfall Monitoring Network for Shark River Slough, Everglades National Park, Florida — *R. M. Lew, M. D. Flora, and P. C. Rosendahl* — 55

A Blacknose Shark from North Carolina Deformed by Encircling Monofilament Line — *Frank J. Schwartz* — 62

Color and Teratological Abnormalities of Green Turtle, *Chelonia mydas*, Hatchlings from North Carolina — *Frank J. Schwartz and Charles Peterson* — 65

Resumê of the Florida Taxa of *Cereus* (Cactaceae) — *Daniel F. Austin* — 68

Amphitecna latifolia (Bignoniaceae) in Florida — *Donald Robert Richardson* — 73

Movements and Activity Patterns of a Gray Fox in South Central Florida — *Douglas A. Wassmer* — 76

New Record of *Acipenser oxyrhynchus* in Charlotte Harbor, Florida — *Thomas H. Fraser* — 78

Errata — 80

Number 2

Studies of the Florida Convolvulaceae—IV. *Ipomoea* — *Daniel F. Austin* — 81

Some Observations on Abnormal Hemoglobins in the Deep South — *Curtis W. Wienker* — 88

Determination of Sex from the Sacroiliac Joint: a Visual Assessment Technique — *M. Yaşar Işcan and Karen Derrick* — 94

Soils of Swamps in the Apalachicola, Florida Estuary — *Charles L. Coultas* — 98

New Editor for *Florida Scientist* — 107

Father Custody and Middle-Class Rebellion — *Walter D. Tropf* — 108

Drought in Southeastern United States — *James A. Henry and Steven E. Dicks* — 114

Species Composition and Relative Abundance of Attached Diatoms and other Algae in the Coastal Waters Adjacent to Seahorse Key, Florida — *Glen B. Thursby and Joseph S. Davis* — 130

Review — *Frank Bradshaw Wood* 140
A Comparison of the Spatial Distribution of *Tillandsia flexuosa* and *I. pruinosa* — *Bradley C. Bennett* 141

NUMBER 3

Relationship Between Total Energy Consumption and Economic Activity for the Florida Economy, 1960-1978 — *James Zucchetto* 145
A Seismic Refraction Profile of the North Florida Crust — *Marcus L. Jarrett, W. Bruce LaFrenz, and Douglas L. Smith* 153
Chrysophyceae (Mallomonadaceae) from Florida — *Daniel E. Wujek* 161
Comparison of Food Habits in Two North Florida Black Bear Populations — *David S. Maehr and James R. Brady* 171
Digestive Efficiencies of the West Indian Manatee (*Trichechus manatus*) — *Mark V. Lomolino and Katherine Carter Ewel* 176
Manatee use of Power Plant Effluents in Brevard County, Florida — *Susan H. Shane* 180
Implications of the Presence of Manatees (*Trichechus manatus*) Near the Dry Tortugas Islands — *John E. Reynolds, III and John C. Ferguson* 187
Algal Consumption by the Manatee (*Trichechus manatus* L.) in Tampa Bay, Florida — *Roy R. Lewis, III, Jedfrey M. Carlton, and Ralph Lombardo* 189
A Rapid and Portable Method for the Dissociation of Tissue from the Coral Skeleton — *Anthony H. Knap and Thomas D. Sleeter* 191
The Shallow-Water Marine Pelecypods of Bermuda: An Example of a Sweepstakes Route — *David Nicol* 193
The Comparative Size of Deposit-Feeding Animals — *David Nicol and Douglas S. Jones* 197
Possible Establishment of *Geophagus surinamensis* (*Cichlidae*) in Florida — *Randy J. Metzger and Paul L. Shafland* 201
Additions to the Late Pleistocene Avifauna of Bradenton, Manatee County, Florida — *Jonathan J. Becker* 203
Intestinal Helminths of the Cuban Anole, *Anolis sagrei sagrei* from Tampa, Florida — *W. Wayne Price and Harold Underwood* 205
Review — *Jack H. Noon* 208

NUMBER 4

Vegetation of the Archbold Biological Station, Florida: An Example of the Southern Lake Wales Ridge — *Warren G. Abrahamson, Ann F. Johnson, James N. Layne and Patricia A. Peroni* 209
A New Method for Improved Fixation of the Chick's Inner Ear — *Joseph V. Otto, Janie C. Park, Cesar D. Fermin and Glenn M. Cohen* 25
Status of the Mountain Mullet in Southern Florida — *William F. Loftus, James A. Kushlan, and Scott A. Voorhees* 25
Establishment of the Midas Cichlid, *Cichlasoma citrinellum*, in Florida — *Robert S. Anderson, Randy J. Metzger, and Paul L. Shafland* 26
